

INTRODUCING **SOP[®] GOLD COW**

BARN BIO-HYGIENIZATION

THE ULTIMATE SOLUTION FOR THE PRODUCER.

Simply add SOP[®] GOLD COW to the mixing wagon or feed ration and it will become active when excreted by the animal into the environment. This is optimal for all types of housing, especially for environments with a large number of animals. SOP[®] GOLD COW is practical, completely harmless to animals and very easy to use. All it takes is 7 ounces for every 100 cows per day.

WHY SHOULD I USE SOP[®] GOLD COW?

- Lower Somatic Cell Count
- Less environmental mastitis
- Reduction of environmental foot dermatitis
- Less flies
- Less ammonia smells
- Drier bedding
- Cleaner cows
- Cleaner udders
- Less time cleaning teats before milking
- Convenient to use!
